General Updates on Bulls

Retaining 75 units of semen on each of the following bulls:
18, 26, & 94

General Updates on Females

*Retaining 3 flushes or splitting 6 flushes with
the new owner on the following females:
98, 103, 114, 121, 124, 155, 159

*We are not liable for parentage mistakes on calves,
our service sires are too close to call. We recommend
using DNA to determine parentage of the calves.

*We are retaining 50% ownership of the bull calf on
lot 155.

*Lot 128's heifer calf broke her leg, our vet casted
her leg and she is expected to make a full recovery.

The pair will still be in the sale, calf sells as is

*Calves selling are not tattooed yet

*Open heifers had CIDRs put in on Monday 3/14
with 2cc ovacyst
